Discipline Method to be used during Sunday school, from the church's Safe Sanctuaries policy, Section III: "If a child is having a difficult time participating in the activities of the classroom, the teacher will provide a "time-out" for the child away from other students in the classroom. The child may return to normal activities as soon as possible. If the child still cannot return to normal routines, the Sunday School Superintendent(s) will be available to escort the child to the sanctuary to sit with the parent/guardian. The goal is always to make each person feel a part of the caring, Christian learning community of the classroom."

For Parents of Children – Parent is Present (Enrolled or Guests)

I have read and accept the discipline method to be used while my child is participating in the Sunday school program. I give my permission for my child to participate in all Sunday school activities sponsored by First United Methodist Church of Dundee. I give permission to seek medical attention when deemed necessary and release the church, its staff, and its volunteers of any liability against personal losses of my child.
